

BALE BAGS & WRAP

FOR STAPLE FIBER

Keep your staple fiber clean and protected from warehouse dust, forklift grease, and frequent handling.

PALMETTO
INDUSTRIES

Features and Benefits

- ▶ Optimized for compacting agricultural materials
- ▶ Designed for efficient staple fiber collection
- ▶ Great for recycling and waste handling applications
- ▶ Offered in a variety of sizes to fit diverse equipment specifications
- ▶ Ultrasonic-cut edges eliminate loose tapes and improve product integrity
- ▶ Crafted from high-strength, lightweight fabric for long-lasting durability

Made exclusively from virgin polypropylene resin and available in a range of fabric weights to suit your baler type and fiber specifications. We offer both sewn bags and sheets, as well as rolls ranging from 2,200 to 3,000 linear yards for roll balers. With over 30 years experience in flexible packaging, we deliver premium quality, exceptional service, and unmatched expertise you can rely on.
